Under the Welsh Government's Rural Development Plan PAVS' is now able to offer free 'Circuit Rider' advice and support on almost all aspects of ICT to voluntary & community groups and social enterprises throughout Pembrokeshire.

This may include advice and practical help with, amongst many other possibilities:

- Setting up, improving, or managing your website
- Promoting and marketing your organisation on-line
- Finding better ways to provide information to members, clients, or trustees
- Using social networking mediums such as Facebook, Twitter or LinkedIn to promote your organisation
- Buying the right computer and new software
- Sharing photos & videos of your events
- Providing on-line calendars, discussion forums, perhaps revenue generating advertising
- Video conferencing with your clients, Trustees or staff for free
- Improving how your organisation uses ICT for internal and external communications
- Better management of information within your organisation
- Networking computers to improve information and resource sharing
- Training staff and volunteers in the use of ICT
- Using the 'Cloud' to improve efficiency and save money
