Dear Colleague,

Hywel Dda Health Board is setting up a new involvement and engagement scheme called **Siarad Iechyd / Talking Health** to give staff and local people an opportunity to have their say in how local health services are planned, developed and delivered. It is important that we listen to, and take action on, the views, opinions and ideas of people in our communities in helping us to improve what we do.

Attached is a copy of a leaflet outlining the purpose of Siarad Iechyd/Talking Health scheme. Each leaflet also includes an application form which can be returned free of charge to FREEPOST HYWEL DDA HEALTH BOARD.

People can join Siarad Iechyd/Talking Health as individuals or as a representative of an organisation. We would be most grateful if you could share information about Siarad Iechyd/Talking Health with people in your organisation.

Members will receive regular newsletters and updates on their health services and will be able to choose to take part in ongoing discussions about health matters through events, readers' panels, interest groups, surveys and volunteering according to their interest.

There are also a number of discounts and incentives that members will be eligible to receive which will help them improve their own health.

If you would like further copies of the attached leaflet please contact Siarad Iechyd/Talking Health on any of the contact details listed above. In addition, if your organisation would like us to come along to a meeting and provide you with a presentation about the scheme please do contact us to arrange a convenient date and time to attend.
